

## **LEWES BPW UPDATES – APRIL 2016**

Updated As Of 4/6/16

### **General Information**

The next Board Meeting will be held on Wednesday, April 27, 2016 at 4:00 p.m.

### **Lewes BPW Bills**

Please take the time to fully read your monthly bill from the BPW. Take notice of the Billing Date and the date when your bill is PAST DUE ON.

Your bills are due in the Administrative Office before 3:00 p.m. on the 27<sup>th</sup> of the Month.

If the 27<sup>th</sup> of the month should fall on a Saturday, Sunday or on a Holiday that is listed on the Website, then the bill is due in the Administrative Office on the business day prior to 3:00 p.m.

The outside drop box is checked at 3:00 p.m. on the day the bills are due. Late charges are applied to customers after 3:00 p.m.

Also, please be sure to read the Message Center box located to the left side of your bill for information.

### **Household Hazardous Waste and Electronic Equipment Collection**

Please save the date for Saturday, April 30, 2016 from 10:00 a.m. to 2:00 p.m. at the Old Power Plant – 227 Schley Avenue. You may obtain a Blank Disclosure Form to submit when dropping off your items on the website or by stopping in the Administrative Office any time Monday through Friday from 9:00 a.m. to 4:00 p.m.

We do not accept “Latex Paint”. To properly dispose of the paint, open the can and let it dry out. Once it is dry, you may put it in the trash.

Also on this day ... it is Drug Enforcement Administration’s Disposal Day. Please also bring your unused or expired medications for safe disposal.

### **Electric Department**

The Electric Department has been working on the Trail Project “Rails To Trails” from Lewes to Georgetown modifying the relocation of electric poles and anchors.

As a reminder ... while planting spring flowers, plants and trees ... please refrain from any plantings 6 feet in front of transformers. Also, please be sure to call Miss Utility before your dig.

Tree trimming is also ongoing. We plan on trimming one day then chipping and disposing of the cuttings the next day. Your patience in walking around our pile of sticks for one day will help us be efficient and will enable us to complete the task as quickly as we can.

### **Highland Acres**

Work on Water and Sewer construction in Highland Acres has resumed and work on private property is commencing.

### **BPW's Water Department Update**

The utility work on Anglers and Bay View is complete. The City is working to finish curbs and then move on to road restoration. Please note, their work is highly weather dependent.

As a reminder ... while planting spring flowers, plants and trees ... please refrain from any plantings 4 feet in front of hydrants. Also, please be sure to call Miss Utility before your dig.

Please don't plant large plants near your water meter, for we need to retain access at all times.
